

Cornwall Community Hospital Foundation  
Fondation de l'Hôpital communautaire de Cornwall

February 13, 2012

Dear friends,

I am writing today to thank you for your continued interest and support in the Cornwall Community Hospital Foundation. Recent news articles have temporarily thrown a pall over what we are trying to accomplish together. There are two issues: one involves the Hospital and its hiring practices and policies; the other concerns support for the Foundation.

We appreciate the concern expressed by many of our stakeholders – volunteers, donors, partners – all who work tirelessly and selflessly to make it possible for the Hospital to care for its patients and in particular raise funds for much needed equipment.

Since the first article came out last Thursday, the Hospital and the Foundation have made every attempt possible to stay the course and to share the facts with the public. The source of this information is contained in FAQ's that are posted on the Hospital's English and French websites for the public to access. [www.cornwallhospital.ca](http://www.cornwallhospital.ca). For myself I have found these FAQ's very helpful. You can see the caring and common sense that the Hospital practices as you 'digest' this information. Please feel free to use this document in any way you find useful including e-mailing to others who may have questions.

We know from our donors and through our Campaign planning sessions that you care about your Hospital and in particular you want an MRI close to home. Through tough times our donors always rally, and in fact, many step up in new ways to help out. That's the kind of community we live in. We truly care for each other.

If you have any questions we are only a phone call or e-mail away. We are also happy to speak to anyone who may be looking for information or to pass on their thoughts regarding the Foundation.

Thanks to each of you for staying connected with us as together we campaign to bring that MRI home!

Sincerely,

A handwritten signature in black ink that reads "Roy Perkins".

Roy Perkins  
Board Chair, Cornwall Community Hospital Foundation
